

Chamber Wants 'People To Do'

Reorganized Big Walnut Area Chamber of Commerce is looking for more members who want to do things as the group meets for the first time of the year next Thursday evening at Mr. Tom's Country Fixins.

Newly-elected President Jack Gallagher says this month's agenda will feature looking back on last year's accomplishments and determining goals and objectives of the group for this year. "We are urging anyone who has an idea or opinion to come out and join us. We're looking for more 'people to do,'" Gallagher adds.

The meeting will begin at 8 p.m.

Former Chamber secretary, and this year's vice-president, Bob Quette, lists many of the accomplishments of the group's charter year. One of the larger, on-going undertakings of the group, will be the yearly organization of the community's July Fourth celebration, with proceeds from the annual Flea Market going to pay for the community's fireworks each year.

As far as the chamber itself, the adopting of a charter and bylaws at its November meeting

set up the groundwork for the group's operation. Object or goal of the group is "to promote maximum cooperation among the professional, commercial, industrial, agri-business and concerned individuals in the development and promotion of the Big Walnut area as well as its civic, educational and economic welfare."

Individual committees of the chamber have moved on various facets of community life the first year, including the group's Planning and Development committee, Historic Sites subcommittee, and Government committee.

Planning and Development committee is helping to coordinate the "Greenbelt" idea for the Sunbury commons, a project which could enlarge the downtown business district while helping to preserve and enlarge the village's town square.

This committee has also sponsored meetings with Delaware County Regional Planning Director Tom Elliott, and Mid-Ohio Regional Planning Director, Bill Hagib, to discuss the possible growth patterns of eastern Delaware county and what the chamber might do to help influence that growth.

Historic Sites subcommittee is presently undertaking the inventory of various older homes in the community, taking stock in what the community has of historic interest and opening the way for some of the buildings being surveyed to become registered with the National Historic Landmarks Register. The local subcommittee has spent most of its time working on homes in Sunbury the past year, but hopes to move on out into the surrounding community in upcoming surveys.

Chamber's government committee has sponsored Candidate's Night for two of the past three elections to give area residents a chance to meet candidates for local and state offices before they go to vote.

The chamber the past year has also given input into the revamp-

ing of the county's emergency squad service, when it was separated from the sheriff's office last spring. And, it has provided input into a local liquor question concerning the establishment of a new tavern on Sunbury's square.

Chamber representatives have also been attending meetings concerning the operation of the Conrail railroad line through the eastern side of the county, helping the community to remain aware of the railroad's plans and operations here.

And, the group has helped to endorse various other community projects, such as the Senior Citizens Christmas Program last year, sponsored by the Sunbury F.E.E. Auxiliary, the Marble Tree Fund, for the maintenance of the trees and landscaping of the

Shaw Pharmacy Incorporates

Shaw Pharmacy, on Sunbury's "Sunny Side of the Square," has filed articles of incorporation as a profit corporation with the Secretary of State. Mickey D. Shaw, owner of the local pharmacy, will serve as agent for Shaw Pharmacy, Inc., with the firm of Wolf and Wolf Co., Delaware, filing the papers.

Dog Tag Deadline Is Saturday

Time has almost run out for those with canines as this Saturday, Jan. 20, is the deadline for the purchase of 1979 dog tags and kennel licenses.

County auditor's office reported Tuesday noon they'd processed 3,270 dog tags so far, "and we've got lots of mail to go through yet." As the deadline falls on a Saturday, any applications postmarked on that date will be processed without the standard penalty fee.

Dog tags are \$3.00 each again this year, and kennel license, \$15.00. Any dog three months old or over is required by law to have a license each year.

Application blank for dog tags appeared in last week's News, but does not appear in today's paper. The Sunbury News office has extra copies of last week's paper for those who don't wish to make the trip to Delaware to get their licenses.

Nestle Sewer Line Relocation To Benefit Village

Nestle's sewer line relocation started this week at their parking lot north of the plant.

Workers of the Connelly Construction Co. of Marysville are shown above as the large backhoe lifts one of the new tiles into place.

Total cost of the project will

be \$70,000 and it replaces an old partially blocked 24-inch line that drains most of the center portion of Sunbury of its storm water. Sunbury's share of the improvement is \$17,000.

The older line runs through a section of the parking lot where Nestles will make an addition

to their plant. The new line is next to the fence along the Ed and Violet Lee residence.

Gene Tossy is superintendent for the Connelly Co. and Bob Jackson, formerly of Galena, is the backhoe operator.

Jackson-married Nancy Fletcher and lived in Sunbury where

the parking lot is presently situated.

The Jackson's left Sunbury 26 years ago and have been residents of Marysville for 21 years.

County Awards Tynes Contracts On Cruisers, Truck

County commissioners Tuesday awarded contracts to Tynes Chevrolet-Cadillac for the purchase of four new sheriff's cruisers and a pickup truck for the county dog warden.

Tynes submitted the only bid for the cruisers, at \$6,791.61 ea., while the Delaware agency was lower on the 1/2-ton pickup than was O'Brien Olds/GMC. O'Brien had a bid of \$5,425 for the truck while Tynes submitted \$4,905.57.

RESET FOR JAN. 29

Rose Trial Delayed as Brothers Change Minds

Jury trial of two former Genoa policemen came to an abrupt delay Tuesday as they apparently dismissed their defense counsel and the judge hearing the case took himself off the bench.

Trial of Ken and Keith Rose, former Genoa policemen indicted in October for felonious assault, was rescheduled by Judge Gale Weller for Jan. 25. Judge Weller, sitting on the bench from Morrow county, claimed he would not be able to handle the trial with an unbiased viewpoint after Tuesday's court action.

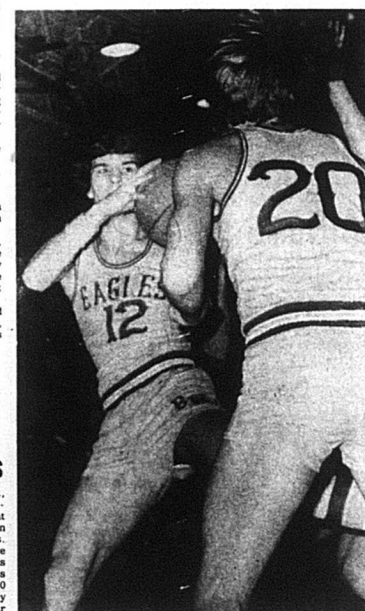

According to the prosecutor's office, the two brothers had apparently worked out a negotiated plea on their case and were ready to plead guilty Tuesday morning when they suddenly changed their minds in the courtroom. Their defense counsel, out of Columbus, took himself off the case at that time.

The Roses were indicted Oct. 25 on one count each of felonious assault, for allegedly beating Dale Smith, Plum Rd., in an incident last June 18. Ken was acting chief of the Genoa dept. at the time of the incident, and Keith, a member of the force. Both men had originally joined Genoa's police under the Comprehensive Employment Training Act (CETA).

When the grand jury indicted both men together in October, Keith was already facing charges

from an earlier grand jury for two counts of assault, one for the Smith incident, and the second for the alleged beating of Lovett Murphy, Murphy Rd., Sunbury, last June 30. Those counts were combined with the October indictments for this trial.

Both Roses are free on \$500 Recognizance Bonds awaiting their newly-set trial date.

Bart Gendt's Effort Helps Big Walnut

Bart Gendt, son of Mr. and Mrs. Norman Gendt of Sunbury, was given more playing time over the weekend for Big Walnut's Eagles and he responded with two good performances.

Friday night he scored 7 points for the Eagles as they lost to Jonathan Alder and he came

back Saturday to get 12 on a perfect 6 for 9 shooting effort.

He is shown above as he pulls down a rebound at Marysville while teammate Scott McCaughy watches. Bart started the game playing on the reserve team.

County's 1979 Appropriations Up 14% Over Last Year's Budget

Delaware county commissioners last week adopted a General Fund budget amounting to about a 14% increase over last year's.

County's General Fund for 1979 amounts to \$3,557,313.54, compared to last year's \$3,108,568.64. General Fund is the only part of the county's total budget over which the commissioners have much say in that other Funds come from sources over which the county has no control.

Other Funds for 1979 generally show increases over 1978, too. But one large Fund amounting to \$16-million for the county's sewer project, decreases the overall figure as the county gained federal grant approval for it last year.

Figures for the funds other than the General Fund include Dog and Kennel, \$32,057; Road

and Bridge, \$18,000; Public Assistance, \$855,581; Community Mental Health and Retardation, \$406,193; Real Estate Assessment, \$118,000.

Motor and Gas Tax Fund, \$1,587,600; Permanent Improvement Fund, \$250,000; Ditches, \$150,000; Sanitary Revenue Fund, \$751,350; Sheltered Workshop, \$160,000; and Federal Revenue Sharing, \$241,396.

Increases in General Fund

Increases in the General Fund, according to Don Fisher, county administrator, largely represent "anticipated increases in costs for supplies, utilities, and personal service categories," as well as some large payments on equipment purchases made last year for which bills were not submitted until after the first of this year.

Largest increase in any single department over last year's budget is in that for the sheriff's office. That department in 1978 was appropriated \$376,354, while this year, the department's budget is \$481,150.

"Largest amount of this goes toward salaries," Fisher explains. "But it's deceiving in that we had to transfer about \$100,000 to the sheriff last fall. We had figured incorrectly on what the breakdowns would be last January for the actual separation of the emergency squads from his department late last spring."

Sheriff's department spent

\$440,250.65 in 1978, while the ambulance service spent \$471,447 of the \$485,636 budgeted for it last year. Ambulance service's new budget calls for \$514,000 to be spent in 1979, money which should come to the county from the half-percent piggyback sales tax.

Other large increases for 1979 over the 1978 budget include a 24% increase in the auditor's office, a 15% increase for the treasurer's office, and a 12% increase in the clerk of court's budget.

Fisher explains the auditor's budget increase of some \$26,000 reflects the state-set salary increase for the auditor, himself, higher advertising costs, and employee increases. Auditor Dave Thomas's salary will increase from the present \$14,000 to \$21,000 as his new term begins in March. His salary was increased with the state-pay increase the legislature voted in after last fall's election.

For the treasurer's office, Fisher says part of the 15% increase is due to an adjustment for the treasurer's salary for last year and this, as well as higher costs for supplies and office personnel. Fisher explains Treasurer Madge Cooklin was paid \$4,000 last year, when she should have received \$15,000 in a salary also set by the state. In the Clerk of Courts Betty Porter's budget, Fisher says, there are adjustments for employee pay increases, supplies and advertising, as well as a refund to Crawford county for court costs on a criminal trial the first part of last year.

Another department with a large percentage increase is that under Highways, which goes toward the operation of the county's map room. Fisher says the county had to pick up one employee formerly under the CETA program, in that office, which makes up the largest part of the 38% increase.

Kingston Trustees

Elect Daily Chairman

Kingston Twp. Trustees elected Bernard Daily as chairman at the meeting, Jan. 8, 1979.

They elected Arthur Barnett as vice chairman.

Herbert Brenner is the third member of the trustees. They accepted the resignation of Randy Jackson and Arthur Barnett was appointed to replace him.

Meetings are the first Monday night of each month at 8 p.m. at the twp. hall, according to Betty Brookins, clerk.

Other large percentage increases are reflected in the budgets for the County Home and the Data Processing dept., as well as the Building and Grounds budget.

County Home budget raised 18% from \$120,000 to \$142,000, reflecting salary increases as well as inflation factors for food and supplies and an increased patient load.

In the Data Processing budget, commissioners increased last year's budget three-fold, from \$15,000 to \$45,000. The administrator says the data processing board is thinking about expanding the capabilities of the county's main computer to take on records of other offices. Presently, the computer is used mainly by the auditor's office and the county's financing, itself.

"We don't know if the processing board will go ahead with further programming on the computer, but we wanted to make sure that if they do, the funds will have been appropriated for them," Fisher adds.

For the Building and Grounds budget, Fisher says large bills contracted last year for the elections board computer, clerk of court's computer, and the architect's study for the courthouse remodeling were not billed until after the first of this year. Election's computer totaled \$130,000, clerk's computer, \$25,000, and the study, \$5,450. "Some of that was in last year's budget, but not the larger share of it," Fisher says.

Some Budgets Decrease

Not all budgets for 1979 were increased. Those for the elections office, municipal court, and prosecutor's office were all decreased.

For the elections budget, Fisher notes the 31% decrease in appropriations reflects partially the savings to the county with the operation of the computer voting. Also, he says, the board is not figuring on a Primary expense this year.

Municipal Court budget shows a 6% decrease under last year's budget. And, Prosecutor's budget decreases 5% from last year's, largely due to less anticipated for salaries in that department.

Complete breakdown of the county's 1979 General Fund budget follows. Included are this year's figures, actual 1978 expenditures in parentheses, and last year's appropriations.

Commissioners: \$74,080

Retired Sunbury Pharmacist Dies After Short Illness

Retired Sunbury pharmacist, Lawrence B. Hill of SR 61, Sunbury, died Friday afternoon at Riverside Methodist Hospital in Columbus after a short illness.

He was a graduate of The Ohio State University, was owner and pharmacist of Hill's Drug Store in Sunbury for 20 years, a member of Sunbury Church of Christ and a 50-year member of Caledonia Lodge #416 F&AM.

Survivors are his wife, Gladys B., son and daughter-in-law Larry B. and Gladys of Sunbury, two grandchildren, two great-grandchildren, and sister, Mrs. Ann Bowman of Columbus.

Services were 3 p.m. Monday at DeVore Funeral Home, Sunbury, with Rev. Floyd Bowsher officiating. Burial was in Maplewood Cemetery in New Albany.

Saturday's New Albany Game Reset for Feb. 13

Saturday's game against New Albany has been reset for Tuesday, Feb. 13, Big Walnut Athletic Director Ken Ullom reported to the News late Wednesday morning.

The change will make this contest the last regularly scheduled game of the year before the start of the sectional tournaments and will give the Eagles three games in five days as they finish the year.

Coach Norm Nelson's team is scheduled at North Union on Friday, Jan. 9, at West Jefferson on Saturday, and now New Albany here on the following Tuesday.

Big Walnut will play Friday night at Buckeye Valley against Coach Dick Meyer's 5-6, 6-6 record team. The Eagles stand 7-3 in the CBL and 7-5 overall.

CHAMBER

(Continued from Page 1)

Sunbury square, and the Sunbury Christmas decorations, led by the O.C.C.L. and Sunbury Garden Club people this year.

Besides these accomplishments, the chamber members have discussed many other projects and objectives of other groups in the Big Walnut area which benefit all.

With the new year, the chamber is asking new membership dues of those wishing to join. Membership to the group is open to anyone in the community with a flat dues fee of \$10.00 per year.

LETTER TO THE EDITOR

PARENT CONCERNED ABOUT CHILDREN AT B. W. SKATE CLUB

Dear Editor,

The following is in concern of the small and young children who go skating at the skate rink. I do hope the owners will at least read this and take notice of how some parents feel. I may be the only parent writing in to the News but I have talked to many other mothers who are just as worried and concerned for their child's well being as I am.

I'm concerned because at all the fighting that goes on during skating hours among the teenagers. Not only this but the teenagers and high school kids will deliberately trip and push the small children down. There is no sense in this happening at all.

The small children enjoy skating, also, in fact, maybe more so than big kids. The big kids are going for trouble and trouble only. Monday of this week was a skating day with free lunches. This was a great idea, yet could have been greater if the owners would use good common sense. Why not have a day for children 12 and under, another day for big kids 13 and up?

There was a fight between two high school girls Monday, inside the rink and all the small children had to see this.

It's a shame that the owners don't have better control of the teenagers. I'm not blaming or accusing all the teenagers for the fighting for there are some decent teenagers in our community, but yet the ones who do fight makes all of them look bad.

I hope the other concerned mothers will at least call the rink and talk with the owners. I hope the owners will take into consideration what I've said about having separate days of skating for young children and teenagers.

Yours truly,
Shirley Loudermilk
S. Old 3C Rd.

State Auditor Pays Public Assistance, Special Activities

State Auditor Thomas E. Ferguson's office reports a total of \$23,382.47 in public assistance and \$31,587 in special activities transfers were made in November to Delaware county.

Highland Board Adopts Temporary Appropriations

\$1,941,652.43 is the total amount of temporary appropriations approved by the Highland Local School District Board of Education at its organizational meeting Jan. 2.

An additional sum of \$267,900 will be needed, according to Supt. Richard Vanhorn. The board spent \$1,733,537.17 in 1978.

Broken down, the board appropriated \$1,294,981 for salaries, with \$107,200 more needed; \$134,700 for supplies with \$33,700 more needed; \$33,500 for maintenance material with \$10,500 more needed; \$82,000 for replacement equipment with \$10,000 more needed; contract work, \$89,900 with \$85,800 more needed; \$235,571.43 for fixed charges (rental, insurance, etc.) with \$6,700 more needed; and \$11,000 for new equipment with \$14,000 more needed.

Vanhorn distributed copies of the revised budget for the general fund that is required by the State Dept. of Education to the State Auditor's Office. There are now 17 different areas of education which can readily be broken down for reporting needs, he said.

What the State offices hope to obtain from this new system, he continued, "is instant identification of costs in their related area. The reports that pertain to this new system are very detailed and complex and we will have to expand this new breakdown in the future."

Board elected Albert Weaver as its president and Ralph Eady, vice president. It established

Delaware County Mutual To Hold Annual Meeting

102nd annual meeting of the Delaware County Mutual Insurance Co. of Sunbury will be held Saturday, Jan. 20, at the home office at 1:30 p.m. All members are requested to attend.

A business meeting followed by entertainment and refreshments will be the agenda for the afternoon. You are invited.

Mail Carriers Request Boxes Be Kept Clear

Rural letter carriers, who go to great lengths for their customers, will bring mail to more homes than ever before in 1979. Postmasters George Hogg of Galena and Bill Smith of Sunbury, noted.

"The number of Americans who receive their mail on rural routes each day remains the same this year as at this time last year, according to Hogg, but the two route carriers deliver to 58 more mailboxes.

In Sunbury, rural route carriers travel 75 more miles this year than last but service 131 more families, says Smith.

Rural and suburban customers receiving mail in a curb-side box must keep customers to their mailbox clear of ice and snow," the postmasters said. Mounted delivery carriers are not required to leave their vehicle to place mail in boxes. If the carrier cannot reach the

customer's mailbox without risk of getting stuck, slipping off the road or blocking traffic, the mail will be returned to the post office until the approach is clear. Mail for suburban customers whose mailbox is blocked by parked cars is handled in the same manner.

"The growth of rural service has been credited with helping to develop the nation's highway system and adding new business opportunities for those with goods and services to sell by mail," postmasters Hogg and Smith said.

FORFEITED LAND SALES

January 29, 1979

10:00 A.M. - Delaware County Courthouse

The lands, lots, and parts of lots, in the County of Delaware, Ohio, forfeited to the county for the non-payment of taxes, together with the taxes, assessments, penalties, and cost charged thereon, agreeably to law, and the dates on which said lands, lots, or parts of lots will be offered for sale, are contained and described in the following list:

ACTIVITIES AROUND KINGSTON CENTER

World Mission Volunteers Present Puppet Ministry
By Joyce Selitz
Friends and neighbors ex-
press sympathy to the Lawrence
Hill family at this time of his
death.
Mr. and Mrs. Kenneth W.
Mackley traveled to near War-
ren to bring Mr. and Mrs. Harry
Wayright back. They had been
spending a couple of weeks with
Mrs. Wayright's sister.
Mrs. Robert Houser and Su-
sanne Munk Moller were callers
of ours on Saturday.
Mary Ellen Leis has been con-
fined with the chicken pox.
Mr. and Mrs. Kenneth Mackley,
Tim and Kendra and Beth Selitz
attended the P.T.L. Assembly
appearance at the S.U.M. Church
on Sunday evening.

World Mission Volunteers
from the Cincinnati Bible College
will be at the Center Village
Church of Christ, Friday, Sat-
urday and Sunday.
They are a group of students
who travel each weekend to share
the gospel in a puppet ministry.
Friday night from 7:30-9:30 they
will appear for Center Village
teens only.
On Saturday they will appear
for "kids of all ages" at 2:00,
3:30, 5:30 and 6:30 p.m. Sun-
day morning they will teach Bible
school classes at 9:30 a.m.,
conduct the 10:30 worship ser-
vice, appear at a fellowship sup-
per at 6 p.m. and present a
puppet program at 7 p.m.
Young people of the Center
Village church invite everyone
to share this time of fun and
fellowship.

Lunch Menus

Big Walnut Intermediate and
Big Walnut 6th School Menu
Monday: Ravioli, bread &
butter, tossed salad, fruit crisp,
milk.
Tuesday: Beanie Weenies,
cornbread, cole slaw, fruit, milk.
Wednesday: Pizza, corn, car-
rot stick, Jell-O & milk.
Thursday: Chicken & noodles,
bread & butter, tossed salad,
gingerbread w/cream, milk.
Friday: Fish & chips, bread
& butter, green beans, fruit cup,
milk.

THOUGHT FOR THE WEEK
By Richard DeVore

Propaganda is usually viewed in a dim light. It is a shade which obscures truth. When used for deception, it is a means for destruction and constructive of nothing worth while. Communists, crooked officials and even unscrupulous advertisers are masters of propaganda. Consequently, it is difficult at times to distinguish whether propaganda represents truth or deception.
It is said Pope Gregory XV first coined the word to mean "to spread the faith". In his use of propaganda there were no imputations of bias or half truths. Since then, propaganda has served other purposes to poison minds by diverting thoughts through Satanic strategy.
At times it is extremely difficult to discern credible truth. News releases, claims, denials, accusations, exaggerations and deliberate falsehoods are showered upon us daily. Careful consideration and common sense must be used to accept or reject what is seen or heard. As long as propaganda informs fairly accurately, without bias or undue persuasion, truth will be served.
DEVORE FUNERAL HOME, 35 E. Granville, Sunbury, Ohio. Phone 965-2936... Marengo, Ohio. Phone 419-253-4541.

Personal News

Woman's Son, Family Leave Iran

By Nancy Havens
Flo Fairchild of Sunbury reports that her son and family, Mr. and Mrs. Ned Fairchild and two girls, have gotten out of Iran, where they've been missionaries two years, and are in Three Hills, Alberta, Canada, for an indefinite stay.

Bill Slack, who used to operate the funeral home in Sunbury, called on the Harry Whites over the weekend. Sunday callers were the Wall Grosses.

Bill and Frances Slack stopped in to the News before traveling on to Florida. They said they see Harry Snow, formerly of Letts Ave., many times, as they live in Palmesville. Harry says to say hello to all his friends in the area.

Marilyn Ross called the News to say that she and her husband, Ernie, have been visiting Terry Glaze in Marion Correctional Institute and that he is continuing his education by taking business courses from OSU through the Marion branch. He had a 4-point average this last quarter and a 3.76 at the end of the summer quarter. He has just begun the winter quarter of study.

Mr. and Mrs. Frank Glaze spent the holidays with their daughter and family. Mr. and Mrs. Kris Partin and sons in Clearwater, Fl. Frank, who continued to recuperate from his recent illness in the warm weather and sunshine, has returned home.

Due to the illness and hospital-

ization of their grandson, Kevin, Virginia remained for awhile, who is suffering from a kidney disease, is also undergoing more treatment at this time.

Virginia says the temperature has been 78 degrees the past few days and the sunshine is beautiful. The temperature has gotten down to 29 degrees which lasted two or three nights, but, fortunately, the fruit suffered no damage.

Nancy, Bill and Jill Havens attended the recreational vehicle show at the Columbus fairgrounds, Thursday night, and saw the Hylen Souders and the Chuck Nettlesborts, as well as the Davis family, who had their Berkshire Campground display set up there.

The Havens went to a new inn near Port Columbus, Saturday night, to say "Bon Voyage" to a relative and friend who were flying to the Bahamas the next day for a week's vacation. They report being in the lobby of that building gives one the feeling of being in a tropical paradise!

Big Walnut Senior Citizens

By Neil Budd
The Big Walnut Senior Citizens Club got a good start in the new year with a well attended, covered dish luncheon. Following a short business meeting there was a sing-a-long of old favorites with Jeanette Edwards at the piano. Mildred Dorn entertained with a comic skit on how to really save money at a sale.

At the opening of the meeting we had a moment of silent prayer in remembrance of Joe Easthom, who passed away earlier in the week. Our prayers are with Opal at this very difficult time.

It was good to have Annis Hancock, Mable Howard and Hazel Davidson able to be back with us again. Also glad to report Ruth Downing is making satisfactory progress. She is starting to walk some with a walker and hopes to be home in a couple of weeks.

Students Sing at Governor's Inaugural

Heidi Schultz and Gary Scar-

brough, Oleanthus students pic-

tured above, are members of the

All-Ohio Youth Choir who sang

on stage at the Ohio Theatre

as part of the Governor's in-

augural ceremonies. They per-

formed in the morning and again

in the afternoon.

All choir members and their

parents had luncheon with Gov-

ernor Rhodes. Some of the

songs they sang were "I Be-

lieve", "How Great Thou Art",

"Sentimental Journey", "Alex-

ander's Ragtime Band", "Happy

Days", "I Believe in Music",

"Shanty in Old Shanty Town",

and "Battle Hymn of the Re-

public".

Catching Up with Kilbourne Events

By Mrs. Karl Smith
Daniel Teeter had a birthday party Saturday morning at his home given by his parents, Mr. and Mrs. Ronald Teeter, Kilbourne Rd. Twenty of the children of his first grade class of Brown School were there for Daniel's 7th birthday. They played games, had birthday cake and Danny opened birthday gifts. That afternoon Ronald Teeter

took Daniel and John to their grandmother's, Mrs. Francis Teeter, at Girard.

The Second Tuesday Euchre Club met last Tuesday at the home of Althea Yarbrough. High honors went to Winnie Orshead, low to Shirley Humes, and Marlene Sheets had the last lone hand.

NEWS of Eden Farm Bureau Advisory Council met Saturday evening at Mr. and Mrs. Roland Augspurger's home with 8 persons. The discussion was led by Mr. Augspurger on "How Can We Curb Government Spending in Ohio". In March the group is planning a weekend away. The February meeting will be at Rich-

ard Fleming.

Mr. and Mrs. Danny Tagg and family of Columbus visited her parents, Mr. and Mrs. William D. Sheets Sunday.

Libby West went home to Connersville, Ind., after spending three weeks with her grandparents Mr. and Mrs. Vinal Link.

Susie Sheets Maxwell is improving at home in Sevierville, Tenn. Sarah Maxwell is still visiting with her grandparents, Mr. and Mrs. Glenn Sheets and Mr. and Mrs. David Maxwell.

Dinner guests of Mr. and Mrs. James Fleming Sunday were Mr. and Mrs. Bob Fleming and Mr. and Mrs. Richard Fleming and boys.

Julie Outhwaite, daughter of Rev. and Mrs. Warren Outhwaite, was baptised Sunday by District Superintendent, Rev. Kenneth Bibbee, who also preached the morning sermon. Mrs. Bibbee also came with him.

Jan Hickman spent last Wednesday with her mother, Mrs. Bernard Gephart and grandmother, Mrs. Hazel Williams. She was there to celebrate her mother's birthday with her.

Shane and Jamie Caudill spent

the weekend with their grand-

parents Mr. and Mrs. Harold

Caudill.

Marlene Schultz had a book

party Friday evening at her home

with seven guests attending.

Due to the wintery weather

people seem to be staying home,

not socializing. Hope to find more

next week. Let me know if you

have something happening.

Cheshire, Johnnycake Vicinity News Events

By Eleanor Griffith
Our community desires sincere sympathy to the family of Delbert Lane on Africa Rd.

Mr. and Mrs. George Strohm and Tommy took Angie Strohm and Mr. and Mrs. Olen to the station out to dinner for Angie's birthday.

Mr. and Mrs. Jan Rogers spent the week in Las Vegas. Mr. and Mrs. Earl Holbrook joined the Rogers on Friday and they came back together. They had a very enjoyable time.

Mr. and Mrs. Bob Canagel entertained Mr. and Mrs. Ted Jaycox, Mr. and Mrs. Charles Hall and Mr. and Mrs. Eldon Schaele on Saturday evening.

Laura Barrows arrived home Monday afternoon spending from Thanksgiving till Monday with her daughter, Eileen, Legends, at Rochester, N.Y. Since returning home she is staying part time with her sister, Edna Chambers (following her return from Grady Memorial Hospital).

Larry Buell visited Mel Foreman at Riverside hospital on Saturday.

Larry and Jenny Buell have been attending the Oleanthus girls basketball games on Monday and Thursday evenings. Jackie plays. Nothing like being at a fire when it happens. Charles Hall and Bill McNamara had been on a mutual assistance run on Braumiller Rd. with Tri-Township. On the way back to the fire house they started over railroad tracks and saw a house on fire. As they turned in Carl Rogers was calling them on the radio and they told him they were already there.

Mr. and Mrs. Ralph Sherman took the triplets, Randy, Rodney and Rayne, out to eat for their birthday last week.

Friday, Reva Walters spent the day with her sister, Ruby Sherman.

Ralph, Ruby, Rayne, Randy and Rodney were Saturday night visitors of Mr. and Mrs. Robert Weaver. The young people went bowling.

Karena, Angie and Laura Howard spent the weekend with their grandparents, Mr. and Mrs. Dave Howard. Mr. and Mrs. Bobby Howard were Saturday supper guests.

Callers of Mrs. T. R. Galbraith this past week have been Jo Watts all day Wednesday and Mrs. Heiga Gerald.

Mr. and Mrs. George Sherman and Mary E. Sherman were Sunday dinner guests of Mr. and Mrs. Donald Sherman and Davey.

Our minister, Rev. Dennis Rinehart was admitted to Grady Memorial Hospital on Sunday. Tests show he is improving. We are all praying for him. Benjamin T. Rinehart wants his daddy home as he will have a birthday on Sunday, Jan. 21.

Rev. Alton E. Lowe went back to Florida on Tuesday afternoon after flying in on Monday.

Mother, Mrs. Edna Shade, spent Wednesday overnight with us. Mildred Griffith visited one day. On Saturday evening Karl and Eddie Starkey came. We talked about seeds for our gar-

dens. We're going to try savory sugar pies. You eat the pods for salad if you want or shell and eat them. We'll tell you later how

they are. We're also trying bush cucumber and bush watermelon. We can dream and help forget the bad weather outside.

error Rhodes. Some of the songs they sang were "I Believe", "How Great Thou Art", "Sentimental Journey", "Alexander's Ragtime Band", "Happy Days", "I Believe in Music", "Shanty in Old Shanty Town", and "Battle Hymn of the Republic".

All choir members and their parents had luncheon with Gov-

ernor Rhodes. Some of the songs they sang were "I Believe", "How Great Thou Art", "Sentimental Journey", "Alexander's Ragtime Band", "Happy Days", "I Believe in Music", "Shanty in Old Shanty Town", and "Battle Hymn of the Republic".

POINT OF VIEW

by Nancy Havens

Editor's Note: Every month we'll have various age groups' reactions to a different subject. Each week we'll present one particular age group's reactions.

This month we've chosen the subject, "How do you really feel about holidays?" Last week we presented the views of those in middle age; this week we talked with senior citizens.

Many of our area senior citizens, especially those who are widowed, wish they didn't have to go through most holidays. They remember when their mates were alive and their children were small and the good times they had. Now they feel there's too much commercialism which detracts from the meaning of the holidays.

As one lady told me, "I'd rather hole up in a motel room and not tell anybody where I am." She feels pulled in too many different directions and doesn't know which way to go when a holiday comes along.

Those who are close to their children and grandchildren get through the holidays without too much of a problem. Another person said, "I'm alright when I'm around kids. The grandkids prides the grandchildren come up with delight and another.

Many feel that holidays are a pleasant interruption of daily existence and a good excuse to pull the family together. One

couple said they thought changing Christmas to a warmer weather month would take a little getting used to but it would be nicer getting the family together when they wouldn't have to worry about snow and ice.

Another couple believes all holidays except the most recent one should be observed in the traditional way on the day they were set. They believe more sin is committed and more people killed on the highways on long holiday weekends. "Holidays can be overdone!" said one.

One lady lamented the fact that Memorial Day is not like it used to be. She remembers when she was very young, all the children had a part to play in the observance.

Another senior who was asked said, "I don't care much about the holidays one way or the other!" Others said they dread Sundays, now that they're retired. There never seems to be anywhere to go or anything to do, much of the time, other than going to church.

The days leading up to the actual holidays are what bothers those who are alone, particularly, because they remember past holidays and the fun they seemed to be.

It would be interesting to visit with senior citizens in larger cities, who are of different nationalities and who live differently than us small-town folk, and hear how they feel about holidays.

'Tangy Senior To Compete in Scholarship Test

Bill Melvin

Bill Melvin, an Orlentang senior, has been invited to compete in the semi-final scholarship test to be held Apr. 14 at Lincoln Technical Institute in Indianapolis, says Andrew Starinchak, principal.

Winners of the final competition will receive a scholarship award exceeding \$3,000 covering full tuition for courses in either automotive technology or diesel and truck technology.

Nine seniors at Orlentang took the Bennett Mechanical Comprehension Test in early December, with Bill achieving the highest score in his school. Others who took the test were Jeff Santille, Dave Shoup, Tim Israel, Tom Jaycox, Steve Wolfe, Mike Aldrich, Dennis Landis and Russell Barnett.

Bloodmobile Chairman Announces '79 Program

Pat Powers, Delaware County Red Cross blood program chairman, announces the schedule of county bloodmobile visits for the first six months of 1979.

Powers also is announcing the names of chairmen of the various divisions of the county blood program.

While a special visit was held here Jan. 4, when 40 pints were collected, the first regular visit will be the first of a two-day event in February.

A community-wide visit on Tuesday, Feb. 6, will be held from 10 a.m. to 4 p.m. at William Street United Methodist Church, while Ohio Wesleyan University will sponsor the second day of the visit on Wednesday, Feb. 7, from 10 a.m. to 4 p.m. at the Memorial Union Building.

Any eligible person may be a donor either day and appointments are being made now at the Red Cross office (362-2021 or 363-5871).

Another two-day visit is scheduled for the county in March. The first day, Wednesday, Mar. 14, will be sponsored by industry and be held from 10 a.m. to 4 p.m. at the Western Auto Distribution Center, while on Thursday, Mar. 15, the bloodmobile will be at the University United Methodist Church from 12 noon to 6 p.m.

On Tuesday, Apr. 24, a one-day bloodmobile visit is scheduled from 10 a.m. to 4 p.m. at William Street United Methodist Church in Delaware, and on Friday, June 15, the sixth regular visit of the year will be held from 10 a.m. to 4 p.m. at William Street United Methodist Church.

Powers stressed it is necessary to have at least 200 persons signed up for appointments as donors for each visit to enable the county to meet its 150 pint-per-visit quota.

Since it is possible to be a blood donor every eight weeks, Powers suggested Delaware counties who want to give regularly may want to make advance appointments for the visits during the first six months to assure their early scheduling.

Bloodmobile volunteers, who will head the various divisions of the program this year, Powers said, are: recruiters for volunteers; scheduling; Miriam Leonard; staff aides; Millie Thomas; nurses aides; Ida Farahay; hostesses and motor corps; Alice Black and Helen Martin; donor room aides; Lee Cassier; and canteen; Eloise Carnes.

Other chairmen are, canteen, Betty Peebles; childcare, Evelyn Lee; standby doctor scheduling, Stella Breece; and publicity, Lyn Doudna.

Couple Marry in Florida Ceremony

Bess Whitney, widow of Judge O. W. Whitney, Jr., of Sunbury, married Thomas Elliott of Delaware, Tuesday afternoon in Palm Beach, Fl.

Rev. D. R. Foust married the couple in the First Presbyterian Church in Palm Beach. Tom's son, Steve Elliott, and Alice Dinova were attendants.

After a honeymoon in the Florida Keys, the couple will make their home in Delaware.

Elementary PTO To Hear Speaker On Drug Abuses

Big Walnut Elementary School PTO will hold its regularly scheduled meeting today at 7:00 p.m.

Speaker for the evening will be from the Delaware County Sheriff's Dept. He will speak on drug and alcohol abuse among teenagers.

Local Verse Writers Start Poetry Club

Members of Verse Writers Guild of Ohio, Ray Buckingham, Betty Robinson Mosher and Ann Wirtzman, all of Delaware, are planning to start a poetry club in the Delaware county area.

They would like to hear from local poets, of any age, who might be interested in joining such an organization.

An organizational meeting will be held in the basement of the Delaware county District Library, 101 N. Sandusky St., Delaware, Saturday, Mar. 3 at 2:00 p.m.

YWCA To Offer Special Plant Course

Rita Ritchie believes that any plant, regardless of how temperamental it is, can be grown indoors in central Ohio, given the proper care.

Rita should know. She estimates that she has between 400 and 500 plants in her home and she does not use a greenhouse. But she admits her home at 4570 Red Bank Rd. in Galena has lots of large windows, giving plants access to plenty of light.

She has violets, begonias, succulents, cactus, ferns and "just everything."

Rita will be sharing her plant expertise as instructor of a special plant course offered by the North Community YWCA, located in First Presbyterian Church, 41 W. College Ave., Westerville. The course will begin Thursday, Feb. 22, 9:30-10:30 a.m. and will continue for eight weeks.

Rita will instruct participants on how to choose plants that will thrive in varying climatic conditions and she will demonstrate and lead class participation on repotting, propagation and problem identification. She will also discuss special tips for developing plants that bring compliments.

Rita has an extensive background in house plants. Her husband works with Scotts in Marysville, so their horticultural interests blend well.

She has been raising plants for six years. She has held house plant parties and operates a plant business from her home.

Participants in a YWCA course, such as the House Plant course, must be YWCA members.

Suds, Skillets & Stitches

by Dottie Clapham

One of our News staff gave this recipe to us for this week along with the recipe for nice flavor.

Sweet Potato Cake

1/2 c. shortening
1 c. granulated sugar
1 c. packed brown sugar
2 eggs, beaten
1 c. cooked, peeled & mashed sweet potatoes
1/4 tsp. ginger, optional
1/4 tsp. cinnamon, optional
3 c. all-purpose flour
4 tsp. baking powder
1/4 tsp. baking soda
1/2 c. milk
1 c. walnuts
1 tsp. margarine extract or vanilla

Cream shortening and slowly add sugar, eggs and sweet potatoes. Sift flour, baking powder, soda and spices, if desired. Add

alternately with milk to mixture. (Drier sweet potatoes will require more milk.)

Fold in nuts and maple extract. Place in 3 greased 8-inch cake pans. Bake in 350-degree oven for 30 min. Cool and frost with the following

Harvest Moon Frosting
3 egg whites, unbeaten
1 1/2 c. firmly packed brown sugar
Dash salt
6 T. water
1 tsp. vanilla

Combine in top of double boiler the egg whites, brown sugar, salt and water. Beat well. Place over boiling hot water. Cook 7 min., beating constantly, or until frosting will stand in peaks. Remove from boiling water. Add vanilla. Beat until thick enough to spread.

Note: Half of the cake recipe will make a nice amount for one 8-inch cake pan.

Delaware County Mutual Insurance

When it comes to savings, we're all the bank you'll ever need

Account	Annual Interest	Time of Deposit	Minimum Deposit	Annual yield based on daily compounding (*exception)
Regular Passbook	5%	Day-In to Day-Out	any amount	5.10% *
Vip Passbook	5 1/2%	3 months	\$100	5.73%
Money market Certificate	Based on weekly Treasury bill rate	6 months	\$10,000	
Growth & Super certificate	6%	1 year	any amount	6.27%
Growth & Super Certificate	6 1/2%	2 1/2-3 years	\$1,000	6.81%
Growth & Super Certificate	7 1/4%	4 years	\$1,000	7.62%
Growth & Super Certificate	7 1/2%	6 years	\$1,000	7.90%

Substantial interest penalty for early withdrawals

We have a variety of ways to help you reach your savings goals at The Delaware County Bank.

REGULAR SAVINGS ACCOUNT

Our Regular Passbook Savings Account pays 5% annual interest from day of deposit to day of withdrawal and you have the convenience of depositing or withdrawing any amount at any time.

CERTIFICATES OF DEPOSIT

Certificates of Deposit have maturities ranging from 90 days to 6 years. Interest rates are based on specific maturities. Your interest can be paid by check, added to your original deposit or deposited into another account monthly, quarterly, semi-annually or annually, depending upon the program you select.

period. Growth Certificates of Deposit put the interest your money earns to work automatically by adding it to your money every three months on the same calendar day of your original deposit so that it too earns more interest.

Our Money Market Certificate interest rate is equivalent to the average weekly auction discount rate on 6 month U.S. Treasury bills.

Our Growth and Super Certificates of Deposit daily compound your interest so interest earned today earns interest tomorrow.

Your deposits are insured up to \$40,000 by the Federal Deposit Insurance Corporation.

LEGAL NOTICE
Public hearing will be held by the Genoa Township Zoning Commission, Delaware County, Ohio at 7:30 P.M., on the 5th day of February, 1979 at the Township House to hear the petition of G. R. Gehrkens, 6509 Olentangy River Road, Delaware, Ohio to change the zoning map from agricultural to light industrial for said property as follows:

The Eastern one-half (approx. 15.21 acres) of the following tract described and recorded in Deed Volume 384, page 15 in the Delaware County Records Office and deeded to George R. Gehrkens.

SECOND TRACT: Situated in the County of Delaware, State of Ohio, and in the Township of Genoa, Being in Range 7, Township 3, Section 2, Part of Lot 5, USM Lands.

Beginning at a one inch pipe set on the West line of lot 5, said point of beginning being N. 1 deg. 00' E. 1908.02 feet from an iron pipe marking the Southeast corner of Lot 14; thence S. 89 deg. 40' E. 920.72 feet to a stone (found); thence S. 89 deg. 16' E. 702.72 feet to a point on the West right-of-way line of the C&C Railroad; thence S. 9 deg. 13' W. along the West line of the C&C Railroad right-of-way line, 932.50 feet to a point; thence N. 89 deg. 03' W. 1488.73 feet to the point of beginning. Containing 33.87 acres of land, subject to all legal highways and easements of record.

EXCEPT FROM: Said Second Tract, a parcel conveyed to the State of Ohio for limited access highway purposes over a tract of 2.247 acres off the east side thereof including the loss of direct access as recorded in Vol. 228, page 325, Deed Records; also subject to a "reservation for future use" of a tract of land 1.661 acres in the State of Ohio for highway purposes west of and adjacent to said above easement, recorded in Vol. 7, page 43, Articles of Agreement Records.

After the conclusion of the hearing, the matter will be referred for further determination to the Board of Township Trustees.

D. T. Ullman, Secretary
Genoa Township
Zoning Commission

CARD OF THANKS

Residents and staff of N. Condit Convalescent Center would like to thank all the organizations and individuals who were so kind to us during the Christmas holidays, by the donations of time, gifts and food. It was all gratefully appreciated. N. Condit Convalescent Center.

Note of Thanks

We wish to express our sincere thanks and appreciation to our many friends, relatives and neighbors who were so kind to us during the death of our beloved wife and mother, Frances Longshore. Special thanks to Rev. Ernest Holley and DeVore Funeral Home.

John Longshore and family

News from Olive Green

By Opal Easthom
It was Saturday morning, Jan. 6th I awoke to find my husband, and to an empty house and walking about the house. But, there was nothing to indicate to me that this was to be one of the saddest days of my life.

I prepared breakfast. He said he had an upset stomach and did not eat anything. He took the paper and sat in his favorite place by the window. And he seemed quiet and unresponsive when I talked to him.

As the morning hours wore away he seemed to become very restless and disturbed. Suddenly he began to shiver and shake violently. I knew I must get help so, I called the Delaware County Emergency squad.

They arrived in a matter of minutes, and we were on our way to Grady Memorial Hospital.

It seemed like the longest trip to Delaware I had ever taken in my life. I silently as the miles flashed by.

We arrived at the hospital and were greeted by a doctor and nurses, who were already alerted. They took over his care. I was the waiting begins and for me it seemed almost endless. As the long hours of the night went by.

A merciful God intervened and cut short his suffering. Early Monday morning he slipped away.

Now I am filled with wild despair and would like to shriek and scream like savages do. But this is civilization and I must control myself.

Committee To Report To United Way Board

Delaware County United Way Board will hear the report of its Budget and Admissions Committee on Thursday, Jan. 25, at 7:30, says Nancy Frankenburg, United Way director. The meeting will be at the Senior Citizens Center at 38 S. Franklin St. in Delaware.

The report will include the amounts recommended each of the United Way-funded agencies receive for 1979, from the amount received in the 1978 campaign which ended in late November. The meeting is open to all United Way members but only the board members vote and their decision is final, says Frankenburg.

must try to carry on. Now if I go out and suffer an injury or become depressed, I will come home to an empty house and there will be no one to kiss me and bind up my wounds. No longer will he haunt the auctions and roll over the country roads in his little pick-up truck. It is the end of an era. For Mister Joe has gone.

For he will never be forgotten. As long as life shall last, and memory holds to those little tender moments of unforgettable bliss.

Social News
Barbara Billings was hostess for the January meeting of the Tri-Co. club when they met at her home Thursday morning on Lott Rd., with 18 members present, three children and one guest, Lynn Dukes, and her little daughter Jennifer. The door prize was won by Lois Lewis. The craft project was working on composites made out of craft sticks.

Columbus International Airport was the scene of a lot of unusual activity Monday evening when a group of people gathered there to watch Bill Basham and Lynn Dukes, and her little daughter Jennifer. The door prize was won by Lois Lewis. The craft project was working on composites made out of craft sticks.

Those on hand from our locality to wish them bon voyage included Ruby Basham and daughter Shelby Williams, and her two sons, Pat Basham and her three sons, Mrs. Willard Stambaugh and her three sons, the minister of the Olive Green Church, Rev. Dwight Long and Mrs. Long, and son Steve, Mary and Jim Jones, Joann Taylor and son Robbie and Pam and Ruth Adams.

It was a very dramatic moment when the big plane vanished into the winter sky.

We gathered at a local restaurant for a bit of warm food after the long wait at the airport. Then we were invited over to the apartment of Mary and Jim Long where we were treated to a delicious chocolate cake and coffee. They have such a cheerful apartment in Reynoldsburg. Very cozy.

Bill and Willard will spend several weeks in New Guinea before returning to the U.S.A. They will spend a short time in Honolulu and then go on to Australia before reaching their final destination.

We wish them every bit of luck on this missionary journey, and may God bless all their endeavors.

The Homer Raders entertained their family at dinner Sunday evening. These included their daughter, Mr. and Mrs. Richard Diehl, Robbie and Kelly Sue and Mr. and Mrs. James Rader. Their grandson Robbie spent Monday with them as he had a free day from school.

Out of town people for the funeral of Joe Easthom included Delbert Mahaffey and Frank and Lee Rogers of Fairmont, W.V. Mr. and Mrs. Bill Chaffin of Huntington, W.V.

Call me with your news. Hope all the shut-ins are better.

Around Condit Area

By Nancy Fuller
Sympathy is extended to the family of Frances Longshore. She passed away at home on Thursday, Jan. 4, at the age of 72. Her funeral services were the first held in the new DeVore Funeral Home. Frances was loved by many who all have many memories of a wonderful lady. She was also the mother of my son-in-law, Randy.
Sympathy is extended also to Walter (Jerry) Darst Jr., of Route 77, on the passing of his father of Thurston. Walter, Jr. is also my father's cousin.
I was sorry to hear about Bill Mann's bus accident Friday afternoon. Glad no one was seriously hurt.
This time of year when the roads are so bad and the students seem to have more energy when they get on the bus, where they have been indoors longer, I'm surprised we don't have more accidents. The drivers have to be extra careful (always on the bus) and it also takes the parents to help teach their child to drive.

Galena Man Dies Monday In Hospital

Delbert H. Lane, 78, of 10008 Africa Rd., Galena, died Monday morning at Grady Memorial Hospital, Delaware. He was a farmer and caretaker and a member of Union Baptist Church.
Survivors include his wife, Helen; sons, Frank Harlen of Gambier, Bernard Leroy and Charles Henry of Newark, Melvin Jay of Lakeland, Fl., and Lloyd Ray and Ernest Albert of Delaware; one daughter, Mrs. Irene Webb of Sunbury; 25 grand-children, three great-grandchildren, several step-grandchildren and step-great-grandchildren.
Services are today at 2 p.m. in DeVore Funeral Home, Sunbury. Burial is in Prince Cemetery in Union County.

Former WAVE Dies Friday In Columbus Hospital

Services were 1 p.m. Monday afternoon in DeVore Funeral Home, Sunbury, for Iva M. (Trainer) Young, 66, of Hebron, who died Friday morning at University hospital, Columbus. Rev. Max Powell officiated. Burial was in Galena Cemetery.
She was a retired secretary, World War II veteran (WAVES) and a member of the Beverly American Legion Post.
Survivors are her husband, Clark O., sister, Mrs. Nellie Fitzpatrick of Macksburg; several step-children and nieces and nephews.

Retired Sunbury Farmer Dies in Convalescent Center

Willie D. Clark, 87, of 820 Ross Rd., Sunbury, died, Sunday, at North Condit Convalescent Center. Retired farmer, he was a member of New Bethel Christian Union Church and a 50-year member of Sparrow Lodge #400 P&AM.
Survivors include two sons, Charles of Sunbury and Cary of Croton; daughter, Mrs. Mildred Stump of Columbus; seven grand-children and 12 great-grandchildren.
Services were yesterday afternoon at DeVore Funeral Home, Sunbury, with Rev. Rex Roth officiating. Burial was in Sunbury Memorial Park. Massons conducted services Tuesday evening.

(PART 2)
By M. Gloreen Higgins
The island of Terceira in the Portuguese Azores, where Doyle and Kate Clark spent three and one-half breathtaking weeks, held a mountain of mysteries. With each passing day the Clarks became more intrigued with the island and its unique way of life.
There is no crime on the island. It is a big, happy family. Locks are not needed and few homes have them. Since the island is small, everyone knew everyone and all were friendly.
Mindful of the country-side, looking very much like the pictures of Switzerland and its stone-based windmills and lush green pastures, there are very few barns on Terceira. Only the wealthy farmers can afford them. Since the weather is almost ideal, the year around there is very little need of a barn. All animals are staked out, even donkeys, when not hitched to a cart.
Since there were no barns, the volcanic root fence was attached to the house at many homes, forming a pen and this is where the pigs and chickens were kept. Doyle and Kate farm in a big way at their farm north of Bloomfield, and have the most modern of machinery.
Did you ever see a tree of corn? At harvest time the corn is cut by hand, and the shocks, as we did 50 years ago. Four and sometimes five shocks were in a field. The shocks are then placed on one of the two-wheeled, wooden carts pulled by a burro. The pile is so heavy that it hangs over the sides of the cart. All the time the wooden saddle on the burro, then the head of the animal, is used to hold the pile. A boy usually climbs aboard for the return trip to the house. By the time the animal is loaded all that can be seen of the hapless creature is four tiny feet and a couple of long ears with its eyes peering out between the stalks.
For drying the corn they construct several tall, wooden trellises and contraptions hanging the corn on the outside of it. If they don't have time to build the trellises, they hang the corn from the trees and hang the corn. Since they do not ever have frost, the trees do not shed its leaves as ours do. Each fall they strip all the leaves from the trees in preparation for drying corn. One snapshot the Clarks brought back shows a large tree completely filled

with drying corn; another one shows three treepies of drying corn.
Doyle and Kate arrived on the island of Terceira in time to see the "Christmas Fiesta Parade" and celebration. The teenagers dressed in native garb, which included wide-brimmed hats, looking very much like the Amish of Ohio.
Two-wheeled wooden carts, pulled by burros and loaded with lots of corn, hanging over the sides and over vegetables, in the cart bed, were in the parade. The natives loved to have their picture taken by the tourist and the Clarks took many colorful pictures of them and the parade.
A boy with a donkey and cart led the parade. He kept blowing a horn and waving his picture taken. One float, pulled by a tractor had natives dancing on the float. The priests helped run the parade and later they held a dance in one of the buildings.
The island of Terceira has many old mansions, monasteries, convents, churches, castles and castles dating back to the 16th century. But they do have modern hotels for tourists in most of the cities.
Angara, the largest city on Terceira island has beautiful, landscaped gardens with flowers and shrubs from all over the world.
One thing they lack is refrigeration over most of the island. Meat is sold on open market without refrigeration. Most buy their food one day at a time.
Bullfights are a popular form of entertainment. They are held in the open streets with hundreds of spectators watching. The bull has a long rope tied to its neck. The local youths bait the bull with capes or open umbrellas; jumping to safety if the bull charges. From the windows and balconies the young girls have a ringside view of the event and cheer them.
The customs of the country are hard to understand. The first girl a boy shows interest in is his bride of the future. He doesn't have a choice! When he begins courting he is permitted only to court on Sunday and then only through the window of her home. After a determined time of window courting, he is finally permitted to take her out but not alone! A chap-

ron goes along too!
Last, but certainly not the least of the unbelievable oddities of the island was the manner in which they faced death. When the time came to pass away the body is placed in a plain wooden box and buried within 24 hours because they do not embalmer bodies and have no refrigeration to keep it longer. The immediate family comes to the black and it is worn for a year of mourning.
They do not sell real estate as we do here, but instead they rent a plot in the cemetery for a period of seven years. So far, that sounds all right, but at the end of the seven years the rent becomes due and payable again. If the family does not, or cannot pay the rent, the body is exhumed. The skeleton is taken from the casket and placed in a much smaller box. The box is sealed and taken to a building in the cemetery. Here it is stacked along with rows of others who did not have their rent paid. The plot is then rented to another family.
Doyle and Kate Clark have returned from this primitive life bringing with them an appreciation of this great country we call home!

Social News
There is a short road just south of Bloomfield called "Porter Lane". It is a beautiful road with a great view of the mountains. The entrance to this section of western Knox County. There are four families living on "Porter Lane" who are very proud of their selection of land.
Mr. and Mrs. Henry Jewell is one of the families and sometime back they had a beautiful sign made "Porter Lane" and it was placed at the entrance to the lane. About ten days ago vandals tore down the sign and took it with them. Mrs. Jewell called me to say they would like to have, whoever took the sign, please return it. Much appreciation was expressed if this road sign. It can be left at any one of the four homes on the lane and Mrs. Jewell will see it is put back in its proper place. Any information about the sign will be appreciated.
Mr. and Mrs. Harvey Moore celebrated their 23rd wedding anniversary on January 7.
Mr. and Mrs. Paul Orsborn are recovering from a severe bout with the flu. Visiting in the past week were Don Harris, Mr. and Mrs. Al Robey and Mr. and Mrs. Donald Wiggins.
Mr. and Mrs. Richard Hollenback and sons, Keith and Benjamin, of Galena and Mrs. Roy

was a visitor.
Mr. and Mrs. Allen Evans attended the Ham and Egg Supper Monday night at the Conservation Club. Pete Hankins was a Sunday dinner guest.
Mr. and Mrs. Hermes Hankins visited Sunday afternoon with Mr. and Mrs. Mark Hankins in Centerville. Later they visited Bill and Grey Brumfield. Monday morning the temperature in Bloomfield dipped to a low minus 11 degrees and that is cold!

By Michael S. Anthony, D.D.S.

Everyone enjoys a laugh at the "other fellow's" expense, but because being entertained, there is often a lesson of real value to be learned.

For example, there was a woman suffering discomfort with her partial denture, caused by a progressive loosening of the fit. As she related, "I decided to tighten that little house on the end myself, thereby saving what the dentist would have charged had I gone to him for the adjustment." Using her hand, she squeezed the denture in the same tool she had always used successfully for her vacuum cleaner — she did a bit of twisting and turning on the metal portions of her denture, popped it back in her mouth, and sent her merry way. "It didn't feel right," she said, "but I thought what I saved!"
Just as she turned out, it wasn't even close to a fix. It wasn't even close to a fix. It was driving down an interstate highway, in a mass of traffic, when she suddenly had the irrepressible urge to speed. In rapid succession, each time she hit the accelerator, the open window because she had put it in the car. She burst it the last time she put it in a powerful puff of finality into her hand to satisfy her itching nose and make it quit, and out the window went her beautiful, valuable partial denture. She hit the brake and went to the side of the road, hopping out quick to see if she had lost her teeth. Running alongside the road, she arrived at the spot where she had lost them, just in time to see a large truck stop and pick up one of its tires. "Pretty soon my teeth were hitting the road as they were going through Albuquerque, and the latest feeling absolutely dumb," she sighed. (Her loss was not without cause when she returned to her car and found her friends picking up her denture.)
A dentist who predicts that everything attempting to hold his own dentures will go on far, over, over, over, or break apart, can easily be accused of promoting his own dentures. He is not. He is being downright realistic, and is often right. To realize that adjustments made by the wearers — without proper instruments — can often render the denture completely unusable and irreparable by anyone (Vacuums are different).
There are two months pay the small fee the dentist will charge to adjust your denture, and realize that you have done right that you don't waste out the window on the highway!

Wrestlers Gain Experience Against Parkersburg, West Va.

By Steve Keiser
Big Walnut's wrestling squad became the first school-sponsored area athletic team to participate in another state and before it's largest audience last

Mark Mobley Kicks Leg; Later Pins Victim

Eagle Jeff May Stretches for Leverage

Kevin Layton Forces Hite to Mat

Saturday afternoon. Coach Ed Foster's delegation visited "wild and wonderful" West Virginia, according to the sign on the bridge leading into the state, as they held a dual meet at Parkersburg South in

their over 3,000 capacity gym. An estimated 1,000 enthusiastic fans watched both the reserve and varsity matches. The Eagles produced three winners against the state power Patriots with Mark Mobley,

Wayne Schmidt and Gene Hogg all pinning their opponents. Parkersburg won the match by a 38-18 score but Foster felt the extra experience against tough competition was worth it. "I saw some positive things although we didn't wrestle that well," he said. "We learned where our mistakes were and the kids are working on them. Parkersburg is definitely a good team and the kids felt they improved," said the third year coach. Mobley's pin came with 5:13 remaining over Rittenhouse in 119-lbs. Schmidt won the 185-lb. class in 1:57 over Correl and Hogg took the heavyweight crown against Sams in 1:32. In the junior varsity contest, Dennis Gray beat Rollyson 19-13 and Keith Tucker pinned Stephens in 2:59 for their only wins. Skip Lasak substituted for Coach Mark Matthews, who was ill.

The Patriots, undefeated in duals so far this season and who have had individual state champions in the last six years, captured the remaining classes. Big Walmain-96-lb. Dan King, in his first or match, was decided by Chancy 14-11 but King put up a brilliant battle before going down. 105-lb. Jeff May lost 5-0 to Gainer, 112-lb. Doug Linnabary fell 6-2 to Pickrell, Dale Wampler in 126 was pinned in 3:20 and Kevin Layton was beaten by Hite 11-4 in 1:32. Dean Bayne was decided 16-2 by Birk in 138, 145-lb. Rusty Cantrell got pinned by Underwood with 4:00, Mark Gal-

lagher also was pinned in 155 with 3:57 and Larry Thacker lost 8-6 to Borich in 167.

Upcoming Highlights
Big Walnut has two straight weekend events on the docket before the Central Buckeye League championships begin Feb. 1 and 2 at Besley. Saturday, the Eagles will be at the Northwest Tournament in Canal Fulton. The following week, BW returns to the same area for the Akron Hoban Invitational. The Northwest affair is slated to begin at 1:00.

Big Walnut Student Council Realizes Project

by Alice Murphy
After two years of hard work and determination, the Big Walnut Student Council's goal was finally reached. This goal was to get a milkshake machine in the school cafeteria to improve the selection.
The student council first undertook the project as a result of suggestions from the student body. At that time it was dismissed due to the expense and added responsibility. Since then, the student council has been investigating, discussing and presenting the idea of a milkshake machine.
This year it was finally accepted as a worthwhile investment. There is now a machine in the cafeteria, run by a trained student employee. The milkshakes, or "frosties", are 35¢ each, and may be purchased during the regular lunch period.
Due to the fact that it is a milk product, the state gives the school 10¢ on each one sold. So far the machine has been very successful, and greatly enjoyed by the students.

— MENU —

Big Walnut High School Menu
Monday: Chili, crackers, peanut butter sandwich, carrot sticks, fruit, milk
Tuesday: Pizza, tossed salad, corn, donut, juice, milk
Wednesday: Submarine sandwich, potato chips, green beans, pudding, milk
Thursday: Hot turkey sandwich, whipped potatoes, gravy, buttered peas, fruit cup, milk
Friday: Cheeseburger, French fries, calico slaw, Jello, milk

Frentson's Have Boy
Mr. and Mrs. Phil Frentson of Sunbury have a baby boy born Friday afternoon at St. Ann's Hospital. His name is Damon Phillip and he weighed 7-1/2 pounds. He has an older sister at home.
Maternal grandparents are Mr. and Mrs. Rudy Owen of Sunbury, who have seven grandchildren. Mr. and Mrs. F. A. Frentson of Delaware are paternal grandparents.

Cub Scout Pack 247 To Have Annual Derby

Cub Scouts of Sunbury Pack 247 are getting ready for the annual Pinewood Derby race. This year the race will be in the basement of the Sunbury United Methodist Church on Jan. 29 at 6:30 p.m.
This race features cars made by parents and sons. They start with small, wooden blocks and carve, sand and shape them into their idea of a winning car. Adding paint, decals, wheels and a little weight finishes the roadsters.
Gold, silver and bronze medals are given to each of the first, three-place winners in the three age groups. Also, a trophy will be given to one eight, one nine and one ten-year-old who places first in their age group.
Anyone interested is welcome to come and watch. Any boys ages 8 to 11 who are interested in becoming a Cub Scout should call the cubmaster, Tom Dixon, 965-4984.

IT REALLY WORKS.
HELP IT WORK.

Fighting Scots Take Over MOC Top Spot

Clip Indians While Freddie's Lose; Face 2-9 Knights at Northmor Friday

Using a six-point technical foul late in the first period to provide the momentum, Highland's Fighting Scots smashed arch-rival Mt. Gilead 66-51 Friday night to take over the top spot in the Mid-Ohio Conference.

The Scots of Coach Jim Schoch broke out of their tie with Fredericktown as the Freddie's dropped their second straight home game. They lost 70-67 to defending champion Marion Catholic Friday only three days after the Scots defeated them 53-47 as reported in last week's News.

The Scots are now 6-1 in the league while the Freddie's

drop into a second place tie with Cardington, both with 5-2 slates. Highland is 9-2 overall, the Pirates 7-3 and Fredericktown 6-4.

This Friday night the Scots have what should be a breather on their schedule when they travel to Northmor to take on the 1-6, 2-9 Knights. Highland opened their MOC season by hosting Northmor and won 69-37 on Dec. 1.

Northmor split two games over the weekend, dropping a close 63-59 game at Cardington Friday and coming back Saturday to clip the home standing Centerville Trojans 68-67.

Unusual Technical Sets Fire

Mt. Gilead could blame an unusual six-point play for changing the complexion of the game for them Friday night at Sparta. They were on top 8-6 in the first period when a personal foul was called, then a technical.

The Scots hit both ends of the 1 and 1, dropped both of the technical foul shots, took the ball out of bounds and scored again.

"This brought us from two down to four up in one possession," said Coach Schoch. "Naturally, it gave us the momentum and confidence," he added.

Highland ripped out to a 22-11 lead at the end of the period, increased it to 38-22 at the half and 55-35 going into the final frame. They hit 8 of 14 for 57% in the 1st, 7 of 13 for 54% in the 2nd, and 7 of 18 for 39% in the 3rd before trailing off with 2 of 9 for 22% in the 4th.

This gives the Scots a final 24 of 54 for 44% from the field while they were 19 of 32 for 59% at the foul line. The Indians shot 39% in both of the first two periods but trailed off in the second half, hitting only 2 of 17 (11%) and 2 of 15 (13%). They finished with 12 of 53 for 22% for the game while going 27 of 45 for 60% at the foul line.

Belcher, Mason, Warwick Star

Scot leaders Tim Belcher, Mark Mason and Wayne Warwick again shot well for the winners. Belcher led the team with 22 points while hitting 8 of 14 from the floor and 6 of 8 at the line. Mason followed with 14 points, hitting 4 of 7 from the field

and 6 of 7 at the foul stripe. Warwick finished with 11, hitting 5 of 7 for 71% from the floor

and 1 of 2 at the line. Willeke had 15 and Holtry and Shoaf 10 apiece to top the Indians.

Belcher, in addition to leading team scorers, led rebounders with 12 and Warwick followed with 9 as the Scots won the battle of the glass 42-28. Mt. Gilead led in one department, turnovers being charged with only 10 while the Scots finished with 18.

Hommon Helps Alder Defeat Big Walnut Girls

FALL 46-42 LAST THURSDAY ...

Hot shooting by Jonathan Alder's Kelly Hommon enabled the Pioneer to take a home-standing victory 46-42 Central Buckeye League victory last Thursday against Big Walnut's lady cagers.

Hommon, who helped her team move out to 2-0 in the CBL, rifled in nine goals from just about everywhere on the court. She also added a 9 of 10 effort at the free throw line for a total of 27 points.

Big Walnut, now 1-1 in the loop, was paced by Karen Longshore with 15 points and Molly McCaughey with 12. Longshore shot 50% from the charity stripe as she dropped in 7 of 14. Karen Hamm had eight points, including a 4 of 9 performance at the bonus area.

McCaughey dominated the boards for the Eagles by collecting a total of 13. Longshore had 9, Hamm 3 and Mona Richardson, Sheri Gilbert and Connie Bachman 3. Gilbert led in steals with 4 followed by McCaughey and Longshore with three apiece. At the foul line as a team, JA shot 77% (16 of 22) to BW's 45% (14 of 31).

Foul Line Difference

Attempting an Incredible 34

free throw shots, Big Walnut's junior varsity could only connect on seven and promptly lost a heartbreaking 28-27 overtime decision.

Theresa Severance turned in her best performance of the year by scoring 11 points, collecting 14 rebounds and swiping the ball four times. Lisa Chapman didn't score any points but contributed with eight rebounds and two steals.

Karen Hann tallied six points and also chipped in with 10 steals. Donna Mullins had the same number of steals and closed with five points as did Mary Lee Hiles. Williams led JA with eight points.

On The Horizon

Big Walnut had two straight home games before hitting the road again. Tonight, the Eagles host Marysville, Monday entertain Buckeye Valley in a rematch and then travel to Dublin next Thursday. The Barons won the earlier non-league meeting but no report was turned into the News. All games are CBL-related and begin at 6:00.

'Super' 3rd Period Lifts Scot JV's

Over Mt. Gilead 49-40

Highland's reserves put together what Coach Bob Partington called a "super" third period in turning bad Mt. Gilead Friday night by a 49-40 score for their 8th win against 3-6 teams.

In lifting their record to 5-2 in the MOC and dropping the Indians futures to 3-4 in the league and 3-8 overall, the Scots hit 6 of 7 floor shots in the third frame and added six points (out of 6 attempts) from the foul line.

"It was pretty even for the other three periods," told Partington. Highland led by the end of the first period and trailed by one at the half 21-10. They outscored the Indians 18-11 in the third to put the game away. The Scots were outscored by 4 points from the floor but made up for it and the foul line.

Pat Miller hit 25 points, including 3 of 5 at the line, and Greg Hack chipped in with 14, including a perfect 8 of 8 at the foul line, in pacing the Scot scorers. Brad Irons led the losers with 10.

Highland finished the game by hitting 17 of 37 for 46% from the field and 15 of 20 for 75% from the floor. The Indians were 19 of 50 for 38% from the floor and 2 of 9 for 22% from the stripe.

Rebounding saw the teams tie with 23 apiece with Miller getting 7 and Dave Steele 6 to top the Scots and Rob Keene 8 and Irons following with 5. Highland had 20 turnovers to 18 for their visitors.

Newland Hits, Russell Drives

Todd Newland (34) and Bob Russell (10) are shown in action in pictures taken at Marysville's homecoming Saturday night.

Newland fired over the outstretched hand of Marysville's Larry Suits in the top photo as John Hale falls to the floor in the middle of the action. Bob Russell is to the left and Bob

Feucht (22) of the Monarchs is to the right.

The lower picture shows Russell driving in for a layup late in the game with Jim Overly moving in underneath him. Overly was called for a foul on this play and Russell dropped one of them with 1:08 remaining.

IGA Sets Four Marks
In 2nd Round Openers

Sunbury IGA had five bowlers over 500 as second round action opened Monday night at Westerville Lanes with the grocery-men sweeping four points to take over first place.

Three teams are tied for second at 3-1 including Murphy Siding, first round winner Westerville Farmers Exchange and Sparks' Sohio. IGA clipped May's Roofing to start the losers off in the basement while Murphys topped Hoke Electric, Farmers beat Delaware County Bank and Sparks won against Del Plumbing.

IGA set four records for the

current year in the Sunbury Men's Bowling League as they beat Mays. They established the single game scratch high with 992, the team series scratch high with 2741 and the team handicap high series with 2924.

They missed only one of the records, the single game handicap, which Farmers Exchange set in the first round. The Farmers total was 1055 while IGA totaled 1053.

In posting the high scratch series for the year, from top to bottom, Walt Neace rolled 1100, Bill Meade 660, Gary Hall 537, Robert Reed 536 and Gale

Ullman 521. Neace ranks fourth in the league with his 174 average.

Frank Hause started the second round in top form although it didn't help his DCB team. Hause won all the individual honors with his 244 single (and handicap) game and his three-game series of 633 (and handicap).

Police, Faculty, 6th, 7th
Cage Teams Benefit Slated

Sunbury Police Department against a Columbus radio station, Q-7M 96 will be the feature game in a series of basketball games next Saturday at the high school gym.

Joe Shoof of the police department is in charge of this benefit night with all monies raised going to charities. They are considering several needy families in the area and the remaining money going to the police department fund.

Action will get under way at 6:30 with 6th and 7th grade teams from Big Walnut playing exhibition affairs. Under the supervision of Dick Craig, they will play before the adult games start, at the half-time and in between the two main contests.

At 7:00 p.m. the "72 Crew" will take on a team composed of Big Walnut faculty members.

The '72 team will be composed of members of the BW team that went 22-1 in the season.

To date they have Gary Cund, Ron Moodepaugh, John Lane, Mike Fry, Brent Culver and Matt Saygood playing with Dave Saver a possibility. Scott Conant, coaching a high school team in South Carolina, has a game that night and will be unable to play.

Members of the police team, the "City Kitties" who will perform at approximately 8:00 p.m. are tentatively set with Walt Neace, Gary Hall, Joe Shoof, Fred Neace, Wayne Ross, Steve Corner, Phil Frentzen, Dave Nelson and Steve Ward. They will be coached by Norm Nelson.

Ticket prices are \$1.00 if bought prior to game night and \$1.50 at the door. They can be purchased at the police station.

Whitehall Beats
BW Independent
Girls 43-27

Big Walnut's Independent Eighth grade girls went down to their first decisive loss of the year when they lost to Whitehall 43-27 last Wednesday. In previous games, BW has fallen by a total of only six points. They now have a 1-6 record.

Playing at the Intermediate, Whitehall's team - with three freshmen starting - jumped off to a 11-7 first quarter lead and gradually pulled away to the final 16-point margin of victory. Big Walnut did have one bright note as they outbounded their guests, according to Coach Lowell Mullins.

Lisa Pond and Marcia Fichtelman led BW with six points each while Jeanna Slone had five, Debbie Wolfel and Susie Schumlick four each and Kelly Enns two. Donna Keefe and Karen Schull paced Whitehall with 17 and 10 respectively. 5'8" center Jackie Davis tipped in a rebound with 45 seconds to go to help Big Walnut seventh defeat Whitehall 24-22. The win was the third in a row since an opening game loss to Johnstown.

Forward Janel Podersy led BW in rebounding and also in scoring with eight points. Davis ended up with six points while Kristie Kintner had four and Vicki Butterfield, Tammy Dally and Sherri Edwards all closed with two apiece.

SPORTS
WINDOW

BY JACK BRENN

Snapping Mt. Gilead's four game winning streak, Highland's Fighting Scots jumped out front in the third Mid-Ohio Conference Friday night as Fredericktown lost to Marion Catholic's defending

champions. Mt. Gilead had won successive games over Col. Crawford, Crestline, Marion Catholic (at Marion) and Centerburg, before traveling to Sparta Jim Schoch's talented, well-disciplined team. Schoch said that overall his team played with more confidence and aggressiveness on both ends of the floor than they have in recent contests. He also cited Tim Belcher, Dan Harris and Mark Masou with "ground" games. Belcher hit 8 of 14 shots from the field and 6 of 8 at the line to finish with 22 points and also led the team in rebounds

with 12. This helped the Scots to a "fat" 42-28 advantage off the glass. Wayne Warwick also hit well, sinking 5 of 7 shots from the floor for an excellent 71% shooting average and finished with 9 rebounds. The Scots should have a couple of breathers the next two Friday nights before traveling to Marion on Tuesday Jan. 30. One thing about it, you have to watch these breathers, especially in the MOC. You look ahead a little bit and a poor-record team will knock you off. Let's hope that doesn't happen to the Scots! Big Walnut, playing one of their better games of the year, destroyed a good Marysville team Saturday night as they bounced back from Friday's tough loss to "hot" Jonathan Alder. It was certainly a team effort — with the starters and "bench" players all contributing. One of the points that impressed me was the fact that once they got ahead in the game, they didn't let up — giving the Monarchs a chance to make a comeback. This is something they haven't been able to do consistently throughout the year. Now, the Eagles have another big game coming up as Coach Norm Nelson prepares the team for Buckeye Valley Friday night.

(Check story on Saturday's New Albany game being changed.)
Barons of Coach Dick Meyer, after losing that thriller here 61-59 on Dec. 8, have won 5 of 7 games, while the Eagles have 3 of 7. BW's losses were at Marysville (40-33) and at Bexley (61-48). BW has dropped games to Dublin, Bridgeport and Jonathan Alder. And, if this game follows the usual BW-BV format, it should be a good one. The Eagles will have to put it all together if they wish to retain any hopes of defending their CBL title. Also, while on the subject of Buckeye Valley, notice Coach Ron Tingley's JV team lost their first game Saturday at Bexley, 51-24, after suffering their disastrous first half. BV had won eleven straight prior to this game. Bexley and BV are now tied for the top spot in the CBL reserve standings, both with 9-1 records. Note the separate story in today's News on Bill Rowland, a '64 BW grad, who has been named the investment manager of the Physicians Insurance Company of Ohio, the largest writer of medical professional liability insurance in the state. Bill, who played here under Myron Burt, went on to Ohio Wesleyan where he lettered twice under Coach Frank Shannon, who is retiring this year. Bill, one of my favorites, is quite a worker at whatever he undertakes. He was the first BW grad to go on to college and earn a basketball letter!

All men and women who wish to become rated officials for track and field and baseball-softball have until Feb. 5 to make application to the Ohio High School Athletic Association. The test date is set Feb. 26 at 7:30. There is a shortage of officials for softball and baseball during the late afternoon in the spring of the year. If you have any interest in this activity the service you can render will be appreciated, says the association. Applications can be obtained by writing to the OHSAA, 4080 Roselle Place, P. O. Box 14308, Columbus, 43214 or by calling 267-2602. Sorry, Jim Boyd's eighth grade report was not turned in until after our copy deadline. The story will appear in next week's edition.

For that special friend on their special day, remember them with a subscription to the Sunbury News.

Extension Service Conducts Pesticide Certification Programs

By Robert Lewis

Co. Ext. Agent, Agr.

Farmers and other agricultural producers who use pesticides that are classified by EPA as "restricted use" must become certified private applicators in order to purchase or apply these pesticides. An initial list of 23 pesticides plus others that have been added are classified as "restricted use."

More pesticides are expected to be added to this list. Pesticides are classified as general or restricted use. Anyone can use general use pesticides provided they follow label instructions.

This year, as in the past several years, the Ohio Cooperative Extension Service is conducting educational programs to assist farmers in obtaining pesticide certification. Delaware county farmers who have never become certified are invited to participate in a one-day training session Tuesday, Jan. 23. This meeting will be held at the Tri-Twp. Fire Dept. from 9:30 a.m. through 3 p.m.

An Ohio Dept. of Agriculture representative will be present to give the private applicator tests for certification at 3 p.m. Anyone planning to attend should notify our office. We will be offering training for persons or core test, grain and cereal crops, forage crops, livestock and livestock buildings and stored grain and food.

Local extension service offices are not involved in training persons who wish to be licensed as custom applicators or operators. Our office will also not be involved in training private applicators for certification in the following categories: field vegetables and specialty crops; ornamentals and turf crops; greenhouse crops; aquatic; seed treatment; or fruit crops.

Regional Pesticide Schools are scheduled in February in Columbus, Dayton, Canton and Toledo for training and testing custom applicators or operators plus certifying private applicators in the categories listed above.

The Columbus Training School will be held Feb. 15 and 16 at the Arts & Crafts Building at the Ohio State Fairgrounds. Contact our office for the daily schedule and reservation form.

Farmers Need Re-certification. Delaware county has a number of farmers, that will need to participate in a re-certification program. Farmers who were certified in 1977 must attend an approved training session prior to Mar. 1, 1980. Also conducted by extension service personnel or re-take the certification test. This only applies to private applicators who took their test in 1977. The certification card of the applicator would indicate the certification expires Mar. 1, 1980.

We have scheduled two meetings in cooperation with the Big Walnut and Buckeye Valley vocational agriculture departments to provide farmers an opportunity to receive re-certification training. The Big Walnut meeting will be at the vo-ag room on Monday, Feb. 19, starting at 7:30 p.m. The Buckeye Valley meeting will also be at the vo-ag rooms and will be Tuesday.

Feb. 20, starting at 7:30 p.m.

Day is Jan. 25

The extension service will hold a Corn-Soybean Day on Thursday, Jan. 25 at the Tri-Twp. Fire Dept. in Delaware. Three extension agents will be present to give information on the meeting. The meeting will start at 9:30 a.m. and adjourn at 3 p.m.

The morning program will be on corn production only, with Dr. Lawrence Shepherd and Donald Eckert being the speakers. The morning program will be on corn production only, with Eckert will discuss energy considerations in production of the crop and drying the crop. Dr. Shepherd will discuss various aspects of corn product plus the latest information on hybrid selections based upon Ohio Performance Tests.

The afternoon program will start at 1 p.m. Dr. James Beuerlein being the speaker. The afternoon program will be entirely on soybean production as the morning speakers have an afternoon program in northern Ohio. Dr. Beuerlein will be discussing planning a soybean planting system for 1980, as many farmers could increase their soybean yields 10 to 20 percent by using his system and have very little if any additional production expenses.

Test Results are Available. The 1979 Ohio corn performance test results have been completed. Copies of the report are available to Ohio farmers. Contact your local county extension office.

The results provide a source of objective information from various locations in Ohio on the

relative performance of corn hybrids currently available to Ohio farmers, says D. M. Jordan, supervisor, Ohio Corn Performance Test, Dept. of Agronomy, OARDC.

The information should benefit farmers in selecting profitable hybrids for use in their farming program. Hybrids available to farmers differ in yield ability, maturity, standability and other agronomic characteristics. Jordan explains that hybrid selection should be based on the hybrid performance.

When interpreting the results of the 1978 performance test, farmers and seedsmen are reminded that the information on each hybrid contained in the report is from two locations per region in one year. Confidence in the test results increases with the number of years and the number of locations in which the hybrid was tested, he says.

The performance of the same hybrid in different regions is indicative of the reaction of this hybrid to different environments.

The most important factor in hybrid selection to many farmers is the yielding ability of a hybrid compared to that of other available hybrids.

Grain moisture percentage at harvest is a useful tool in the measurement of hybrid maturity. For convenience, hybrids are listed in increasing order of grain moisture content at harvest. Yield, standability, test weight and other comparisons should be made between hybrids of similar maturity best adapted for the individual farm and farming operation.

Contact your local county agent, agriculture, for a copy of the Ohio Corn Performance Test.

Notes from Vans Valley

By Mrs. Herman Bell

Mrs. and Mr. Paul Bell celebrated their thirty-second wedding anniversary Sunday, Jan. 14. She cooked her own anniversary dinner.

Bud Price was taken to Grady Memorial Hospital Tuesday evening. He had scalded his left foot while helping his neighbor butcher a hog on Saturday. Bud was released from the hospital Saturday. His foot is healing now.

Mrs. Russell Bell celebrated her seventy-ninth birthday Friday. Sheila and Jeff Jervis, and I visited the Slacks Friday evening.

Mrs. Everett Wackhamer attended the Huber Ridge Christmas United Women's Fellowship meeting held in Westerville Tuesday morning. The Swackhamers visited Mrs. Clara Clayton at Centerville Sunday.

Doris Fisher and Sherri from our country visited the Swackhamers one evening last week. Paul Poe and Mrs. Clayton spent Tuesday with the Swackhamers.

Mr. and Mrs. Bud Cline and the home of Mr. and Mrs. Lester Longshore. Linda Bolton and two children visited during the week.

Mr. and Mrs. Russell Slack visited last Wednesday morning. Kitty Jervis and children spent the afternoon. We visited Mr. and Mrs. Bud Price and Greg Saturday evening.

Janice Sue Bolton had a birthday Sunday. She was two years old. She is the great granddaughter of Mrs. Harvey Claydon of Plum Rd. won the top December drawing.

Have a nice week.

Olentany Guidance Dept. Has Computer

Central Ohio Regional Consortium and the Delaware County CETA services placed a computer terminal in the Olentany High School Guidance Dept. for a short period of time, according to Andrew Starinich, principal.

Barbara Michelakis and Ron Crago, counselors, recently attended a training session on uses of the terminal. She is shown above at the phone patch and Mike Adams is at the terminal. All Olentany students and community adults will have access to the computer services through the guidance offices during the months of January, February and March.

Students will be scheduled by the guidance dept. personnel during the school day to obtain any college, vocation or career information. Any person in the Olentany school district not presently attending Olentany may also avail themselves of these services by contacting the guidance offices at 545-5800, ext. 28 or 29, during the hours of 8 a.m. to 2:30 p.m. Appointments will be arranged during evening hours.

Regional Pesticide Schools are scheduled in February in Columbus, Dayton, Canton and Toledo for training and testing custom applicators or operators plus certifying private applicators in the categories listed above. The Columbus Training School will be held Feb. 15 and 16 at the Arts & Crafts Building at the Ohio State Fairgrounds. Contact our office for the daily schedule and reservation form.

Farmers Need Re-certification. Delaware county has a number of farmers, that will need to participate in a re-certification program. Farmers who were certified in 1977 must attend an approved training session prior to Mar. 1, 1980. Also conducted by extension service personnel or re-take the certification test. This only applies to private applicators who took their test in 1977. The certification card of the applicator would indicate the certification expires Mar. 1, 1980.

We have scheduled two meetings in cooperation with the Big Walnut and Buckeye Valley vocational agriculture departments to provide farmers an opportunity to receive re-certification training. The Big Walnut meeting will be at the vo-ag room on Monday, Feb. 19, starting at 7:30 p.m. The Buckeye Valley meeting will also be at the vo-ag rooms and will be Tuesday.

Director Asks Everyone To Prepare for Winter

Judy Barber, director of Delaware County Senior Citizens, says, "This winter there is one kind of fuel shortage you can avoid by planning ahead. That is body fuel, more commonly known as FOOD."

"For those days when the weather is too bad to get to the grocery, your congregated meal site or home-delivered meals cannot be delivered, you should have an EMERGENCY SHELVE in your pantry. You will need three or four days' supply of non-perishable foods which require little or no preparation. Many canned and dehydrated food items like soups and main dishes are available in small sizes which are suitable for one meal with little or no leftovers to store."

"Your emergency shelf should be stocked as early as possible. Any items not eaten by next fall should be used for regular meals and a new emergency supply stocked for the following winter to avoid loss of flavor and quality from long storage time."

An emergency shelf can include the same variety of foods you usually enjoy, which should include foods from the four food groups:

—Milk Group: evaporated milk, non-fat dry milk, instant/canned puddings, macaroni & cheese and cheese.
—Meat Group: canned meats (such as tuna fish, corned beef, ham, beef, salmon, etc.), soups, pork & beans, dried peas/beans, peanut butter, meat-based soups and nuts.
—Fruit and Vegetable Group: canned vegetables, canned fruits, dried fruits (raisins, figs), canned fruit juices or powdered fruit drinks.

—Bread and Cereal Group: canned bread (frozen bread if possible), crackers, pasta products and dry cereals.
—Miscellaneous: coffee, tea, cocoa, gelatin, honey/syrups, jelly, jam, preserves, cookies and distilled water (gal. at least).

—Non-Food Items: Good hand-operated can opener, battery-operated radio (check batteries), flashlight with good batteries, extra blankets and at least a 3-day supply of medication taken regularly.

"If you have dietary restrictions, these need to be considered in planning your emergency shelf. Diabetics who follow a doctor's prescribed diet should stock canned foods which do not have added sugar, as well as any special foods they ordinarily use."

"When planning your bad weather food supply, don't forget your dog or cat. Make sure your pet remains your best friend by stocking the shelf with some of his favorite canned or dried foods."

"Next to your telephone, you should have a list of numbers for the police and fire departments and other community service groups. Don't hesitate to call us at the Workmen Senior Citizen Center, 369-5133 if you are in need."

"If weather conditions are extreme and meals and/or activities at the Senior Citizen Center must be cancelled, announcements will be made over radio station WDLR."

"Winter can be an enjoyable and beautiful season of the year, but for it to be safe and comfortable we must plan ahead. Get those needed supplies for your emergency shelf, then when the cold and snow arrive, curl up with a good book or in front of a battery-operated radio and eat heartily!"

Delaware County's 4-H has 347 advisors supervising 84 clubs with 1889 members this past year. There are five FFA chapters, and four FFA/NEO chapters in the county as well. And, for those who have braved their ways to the annual banquets the past two years, Ralph Jordan claims the third year is a charm -- and there'll be no blizzard following the banquet. Last year's banquet was on Jan. 25, and two years ago, the night before that season's biggest snow storm.

State Highway Patrol Accepting Applications

Ohio State Highway Patrol is presently accepting applications and testing applicants for 1979 academy classes, according to a news release. All men and women interested in pursuing a career as a trooper are urged to contact their nearest patrol post for further information.

"The position of Ohio State Highway Patrol Trooper offers applicants the chance of a challenging career," Capt. Huffman, commander of the Highway Patrol's Columbus district, said. "Troopers are frequently called upon to take charge of various, often emergency situations. For this reason they are thoroughly trained to handle people and situations calmly, efficiently and diplomatically."

Applicants for the position of trooper must meet the following qualifications: 21-30 years of age; a minimum height of 5'8" measured in stocking feet with body weight proportional to height; have a valid driver's

Happenings In Tussic Way Area

By Sandra Meacham

Mr. and Mrs. Alan Rammelsberg of Dayton, Mr. and Mrs. Carl Fritzsche, all of the Westerville area, were guests at the home of Delma Rammelsberg and Mattie Thompson on Sunday for dinner. Following dinner they were visited by Mr. and Mrs. Clay Rammelsberg and Jane Cockrell on Sunday afternoon. Lance Booth took part in a hockey match out of town this weekend.

Tina Hawley has a birthday this week. Mr. and Mrs. Jerry Clark celebrate their wedding anniversary on Jan. 20.

Cub Scouts in Den 3 of Pack 201 took a tour of the Columbus airport on Tuesday afternoon. Included in this den are Lance Booth, Stephen Braun, Doug Meacham, Tommy Evans, Joe Rammelsberg, Matthew Beougher, David Perry, Jason Lettice, John Sewell and Billy Jones.

Neighbors and friends of Mr. and Mrs. Paul Askins of Worthington-Galena Rd. were so sorry to hear of the recent fire at their home last week.

Goldie Gantz celebrates her birthday this week. Thought for the week: We should never put a question mark where God puts a period.

Little Trevor Beekman will be two years old this week. The members of the Westerville Ministerial Assoc. lunched at Grace Chapel Community Church this Wednesday for their regularly scheduled monthly meeting.

Neighbors and friends of Mr. and Mrs. Paul Askins of Worthington-Galena Rd. were so sorry to hear of the recent fire at their home last week.

Goldie Gantz celebrates her birthday this week. Thought for the week: We should never put a question mark where God puts a period.

Look What Folks Up at Sparta Are Doing

By Virginia Kinney

Mrs. Arlin Austin returned home from University Hospital recently and is reported doing nicely at this time. She reports company would be welcome.

Mr. Glen Buck underwent major surgery on Thursday of last week at University Hospital in Columbus. His brother, Mr. and Mrs. Howard Buck of Kingsport, Tenn., have been staying with Mrs. Buck. They left for home Monday morning. Mr. Buck's room no. is 851. Cards at this time would be appreciated.

Charles Becover is still in Knox Community Hospital East, Mt. Vernon.

Otis Bland is undergoing tests at Riverside hospital, Columbus. Verlie Bennett, aunt of Ellis Kinney, passed away last week. Mrs. Bennett was 91 years old. She lived in Fulton.

Mr. and Mrs. Stanley Lloyd and sons and Barbara White and daughter, Pam, were Sunday visitors of Mr. and Mrs. Lester Bishop.

Virginia Kinney was a Sunday evening dinner guest of Mr. and Mrs. David Harris and family.

Mr. and Mrs. John White and sons of Marion and Mr. and Mrs. Richard Nichols and sons of Centerburg were Sunday dinner guests of Mr. and Mrs. Clarence Belcher. Sunday afternoon and evening visitors were Mr. and Mrs. Patrick Belcher and family of Ashley.

Mary Ashcraft entertained the Get-To-Gether Club Friday evening. Nine members were present. The evening was spent playing euchre.

Mr. and Mrs. Grant Brewster were Sunday visitors of Mr. and Mrs. Bill Brummitt of Centerburg. Mr. and Mrs. Gene Adams recently honored their son.

Craig, with a surprise birthday party on his 16th birthday. Among guests were Lynn Goepfinger and family and Mr. and Mrs. Michael Ray and sons.

Jim Ray of Columbus was a Sunday dinner guest of his parents, Mr. and Mrs. Ted Ray.

Mr. and Mrs. Kenneth Throckmorton returned home Friday after spending the past two weeks visiting Mr. and Mrs. Jean De Jarrett and family of Sandusky. Then on to Memphis, Tenn., where they visited their son and family. Mr. and Mrs. Keith Throckmorton, Kenneth, Jr., who had spent the New Year's vacation with his parents, returned to Memphis with them. When they left for home they reported that everything was covered with ice. Council met Tuesday evening at the Town Hall.
